

Product List

Product Code	Shatterproof	UV cut	Fire retardancy	Exterior	Humidproof	Privacy effect	Surface	Width (mm)		Length (m)	Print color	Pattern / feature
								1250	1525			
MST-5111 White Hemp	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	White	Hessian weave
MST-5112 Geometric White	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	White	Geometric illusion
MST-5113 White Net	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	White	Mesh
MST-5114 Bamboo White	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	White	Bamboo
MST-5115 White Arrow	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	White	Wide alternating stripe
MST-5116 Framework	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	White	Thin stripe
MST-5117 Zebra Line	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	White	Varying density & width stripes featuring a close repeat
MST-5118 Drip Line	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	White	Varying density & width stripes featuring open repeat
MST-5119 Random Line	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	White	Stripe with random repeat
MST-5121 Black Hemp	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	Black	Hessian weave
MST-5122 Geometric Black	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	Black	Geometric illusion
MST-5123 Black Net	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	Black	Mesh
MST-5124 Black Bamboo	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	Black	Bamboo
MST-5125 Black Arrow	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	Black	Wide alternating stripe
MST-5131 White Dot Gradation	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	White	Dot gradation
MST-5132 White Line Gradation	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	White	Line gradation
MST-5133 White Dot Gradation (Exterior)	◎	○	○	○	○	○	-	○	○	30	White	Dot gradation - exterior type
MST-5134 Cluster White	◎	○	○	○	◎	◎	Scratch resistant coating	○	○	30	White	All over design
MST-5135 Cluster White (Exterior)	◎	○	○	○	◎	◎	-	○	○	30	White	All over design - exterior type
MST-5141 Black Dot Gradation	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	Black	Dot gradation
MST-5142 Black Line Gradation	◎	○	○	○	○	○	Scratch resistant coating	○	○	30	Black	Line gradation
MST-5143 Black Dot Gradation (Exterior)	◎	○	○	○	○	○	-	○	○	30	Black	Dot gradation - exterior type
MST-5144 Cluster Black	◎	○	○	○	◎	◎	Scratch resistant coating	○	○	30	Black	All over design
MST-5145 Cluster Black (Exterior)	◎	○	○	○	◎	◎	-	○	○	30	Black	All over design - exterior type

Film features and benefits

[Shatterproof]

This feature helps reduce scattering of fragments after glass fracture caused by an explosion, earthquake or other disasters.

- Effective in reducing scattering of glass shards
- ◎ Satisfy the scattering prevention performance prescribed in JIS A 5759 (shot bag test, interlayer displacement test).
- ◎ Improve penetration resistance, in addition to the scattering prevention performance prescribed by JIS A 5759.

[UV ray rejection]

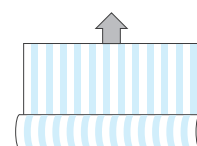

This feature helps block ultraviolet (UV) rays, which are harmful to human skin and can cause fading of interior furnishings. Ultraviolet rays also emanate from indoor fluorescent lighting, but the associated fading is significantly reduced compared to films without this feature.

[Privacy effect]

◎ Obstruct the view from indoors and outdoors

■ Roll direction

The samples given in this sample book are featured in the direction of the roll being unwound as illustrated below.

[Longitudinal stripe]

- MST-5114 Bamboo White
- MST-5115 White Arrow
- MST-5116 Framework
- MST-5117 Zebra Line
- MST-5118 Drip Line
- MST-5119 Random Line
- MST-5124 Black Bamboo
- MST-5125 Black Arrow
